Dear Sir:

In accordance with 37 C.F.R. § 1.825, applicants submit herewith a corrected Substitute Sequence Listing via EFS-Web. The corrected Substitute Sequence Listing is being submitted to comply with the outstanding Notification of Defective Response, mailed February 14, 2007, and the Raw Sequence Listing Error Report (processed by STIC on November 28, 2006) that accompanied the Notification of Defective Response. Consistent with instructions previously received from a representative of the Electronic Business Center ("EBC") of the U.S. Patent and Trademark Office, applicants submit herewith (via EFS-Web) only an ASCII text file (i.e., a .txt file) of the corrected Substitute Sequence Listing. In accordance with 37 C.F.R. § 1.825(a), applicants submit that the corrected Substitute Sequence Listing contains no new matter. The above-referenced instructions from the EBC representative confirmed that applicants need not file separate "paper" and/or "compact disc" copies of the corrected Substitute Sequence Listing and, consequently, need not file a statement under 37 C.F.R. § 1.825(b).

Respectfully submitted,

/Andrew K. Gonsalves/

Dated: **March 14, 2007**
